SUBJECT: (U) Establishment of Flexible Work Centers at the CIA

1. [] The CIA has recently established designated Flexible Work Centers (FWC) at [] as a means to enhance workplace effectiveness. Specifically, this pilot program is intended to increase the opportunities for CIA staff employees to perform official duties and functions at alternate locations as well as facilitate a more rapid/efficient response to mission requirements. Agency staff employees will have the option of using these Centers on an "ad hoc" or "hot desk" basis as temporary alternative to their usual work location to fulfill their job related responsibilities. A key benefit in establishing these Centers is to provide supervisors, managers, and employees with maximum flexibility for temporary work at an alternate location. During the pilot period, the Agency will closely monitor FWC use and refine site-specific procedures and processes as required.

2. (U) The FWCs are open 24 hours, seven days a week and are equipped to provide printing capability and access to the []

[] Presently, availability of an FWC workstation is on a first come, first served basis. No new policies were required for the operation of these secure sites and Agency employees are required to adhere to Agency regulations for the protection of classified information and facilities.
